NARCOTICS EXHIBIT is studied by Rotarians after MAN unit member Bill Trimmer makes presentation on drugs here Tuesday afternoon.

MAN man urges Rotary support

BELLE GLADE—Drugs are the nation's leading business, so far as dollar revenue is concerned, and Palm Beach County is one of the leading points of entry in the country for illegal marijuana, cocaine, heroin and other substances, the Belle Glade Rotary was told Tuesday.

Sgt. Bill Trimmer of the Palm Beach County MAN (Multi Agency Narcotic) unit which was formed to fight the flow of drugs, showed the club members what a pound of marijuana looked like and asked them to report any suspicious activity.

Last year, Trimmer's unit seized well over 120,000 pounds of marijuana and of that, over 10,000 pounds were taken in raids in the Glades.

"No matter how you feel about

it," said Trimmer, "right now marijuana is against the law and we must enforce the law until it is changed."

The MAN unit consists of officers from throughout the county and in the Glades, an agent is assigned full time. In addition to this, each police department contributes a man to the task force.

"Chief Bill Mathis was one of the first to recognize the need for the task force," said Trimmer. "Each and every one of you should call him and commend him for his involvement." He went on to say no Belle Glade officer is presently assigned due to a manpower shortage but that one will come on when this problem is solved.

The MAN unit is also helping

Changes to be discussed Zone code hearings OK'd

BELLE GLADE—Procedures for notifying property owners of three hearings on zoning, subdivision and development code ordinances were settled Monday night by the City Commission at the same time questions were being asked about the proposed ordinances.

The hearings are set up for Sept. 7, when the subdivision regulations and development code are to be discussed and set for Sept. 13 and 19, when the zoning code and map will be discussed.

Each of the hearings will be held at 7 p.m. in the city hall meeting

room and will be presided over by the city's administrative staff, including persons in the city's Planning and Building Department.

City Planner John Gubisch III stressed last week that the proposed ordinances, which will change the zoning on some property in town and will change what can be done on virtually every piece of property in town, are still only proposed and changes could be made in them.

After the three public hearings, which are meant to be workshops to answer questions from the

public and to provide the public an opportunity to give input, two more public hearings will be held by the city commission to gather further public input on the revised ordinances.

The commission approved Gubisch's recommendation that the property owners be notified by mail and that a copy of each ordinance and the maps of the present zoning and the proposed zoning are already being kept in the Planning and Building Department offices in city hall.

Gubisch had originally proposed that colored maps also be sent to

each property owner but recommended against it Monday night because the maps would be too expensive, many property owners wouldn't be able to locate their property on the maps and, without including the full 87-page zoning ordinance, the property owner wouldn't have sufficient information to interpret how a zone change would affect him.

The proposed zoning ordinance is the result of two years work by city staff members and a ten-man committee.

Two persons expressed dissatisfaction Monday night over one aspect of the proposed ordinance which would eliminate pyramidal zoning.

J.D. "Skipper" Poole and Roe Steele told the commissioners they had both bought land over the past few years, with the prospect of using the parcels for purposes which would be prohibited under the proposed ordinance.

"The most talked-about issue during the two years of putting the ordinance together," Mayor Tom Altman said, "has been about property a man has already bought. Are we going to change things now, after he's already bought the property or are we going to protect his rights. The answer is no and we're still working on it."

Altman invited Poole and Steele to attend the public hearings and make their feelings known.

In other business, the commission:

- Heard a report from Community Development Director Remar Harvin and Adley and Associates Vice President, Bill Grissom that unless the city takes a more aggressive stance during the next year in efforts to provide low-cost housing, the city could lose its federally provided Community Development funds.

- Agreed to dedicate the softball field at Lake Shore Recreation Park to Elmore Williams of 556 S.W. 13th St. in honor of Williams' efforts to get the field built.
- Willard C. Taylor, Jr. of The Gents, a local club, had urged the commission to name the entire park for Williams.

- Approved a recommendation to hold a grand opening at the Lake Shore park at noon Friday.

- Approved a proposed sublease with the state for a park at Belle Glade Airport, along with a groundbreaking ceremony on the site at noon Sept. 5.
- Decided to take no action on a request by the City of Boca Raton to endorse the proposed Palm Beach County Charter.

- Passed on final reading ordinances providing for a 35 per cent increase in water and sewer service rates.
- Approved resolutions adopting the 1978-79 budget and fixing the ad valorem millage to 8.6 mills.

GCHS report cards causing fuss

BELLE GLADE—Glades Central students were back in class Monday before report cards from last year had been completed, according to Assistant Principal Norman Shearin, who said the reports were finally completed this week after six weeks of intensive effort.

Shearin said there was a combination of factors leading to the problem, beginning with the fact the school lost its data processing man last year and there was no one who really knew how to feed the information into the school board's computer in West Palm Beach.

"I wouldn't want to put the blame on any one person," Shearin said. "There were several problem areas."

The upshot of the situation, however, was that Shearin and two others worked for the past six weeks manually going through the records of 80 faculty members in an effort to reconstruct the grade of every student for every grading period.

Considering there was an average of 1,325 students, that each student took an average of six courses and there was a total of nine grades handed out to each student, including four grading periods, two exams, two semester grades and a final, there were approximately 71,550 grades to be recorded and reported.

One of the problems was that many students had incomplete grades for the first, second or third nine-week periods followed by letter grades in later periods.

According to school board regulations, any incomplete entry on a student's grade report must be replaced by a letter grade before

a subsequent grade can be assigned, except in certain cases where this rule can be waived.

Another result of the incomplete grades, Shearin said, was that a number of students didn't have schedules Monday, although he said at the end of the day that had been taken care of.

He said another problem was

that there were about 50 students entering the ninth grade who hadn't been pre-registered as of Monday.

Shearin said that not all the students' reports were wrong but because of the large number of reports which were wrong, he had

see Reports P9

New principal named at Lake Shore Middle

BELLE GLADE—A Boca Raton Middle School classroom teacher was named principal of Lakeshore Middle School by Palm Beach County School Superintendent Thomas Mills Tuesday.

Edward Joseph Foley, Jr., immediate past president of the County Classroom Teachers Association and a teacher at the Boca Raton School for the past six years, will replace Dr. Kenneth Loveless. Loveless was named earlier as the director for secondary education in the West Area, replacing Dr. Walter Locke, who accepted the same position for the central area.

Foley has been in the Palm Beach area for 20 years, working as a teacher for eight years at Cardinal Newman. He left the educational field for several years while he held administrative positions with the Breakers Beach and Golf Club, a nursing home and mortgage banking firm.

The position became effective immediately and Foley began work at Lakeshore Wednesday morning.

He said he will be moving to the area with his family.

"I understand the Glades people want someone who lives in the area so they can maintain contact with them," he said, "and I have no problems with that. My wife and I came out and looked the Glades over Saturday and we liked it and want to move out here."

Foley said he has a varied background and was production control manager of an electronics firm up north before moving to Florida.

He earned his bachelor's degree at Boston University and his master's at Florida Atlantic University.

West Area Superintendent of Education H.W. "Dick" Berryman said Foley's appointment, which still has to be approved at the Sept. 6 School Board meeting, is evidence of the relatively new policy of not requiring principals to follow the traditional route through other administrative positions such as dean.

Raid nets six arrests

BELLE GLADE—A series of coordinated raids capping a three-month investigation by the Belle Glade Police Department Friday resulted in the arrest of six people on drug-related charges.

The sweep, resembling a military operation in its detailed planning, involved 30 officers divided into eight "strike teams" and a reserve force. It was coordinated by Chief D. Bill Mathis and planned by Detective Tim M. Corderman, who headed the investigation leading up to the raids.

Search warrants were issued and executed on four homes and several individuals. Arrested were:

Alfredo Hernandez, 28, and Linda Hernandez, 23, at their home at 117 SW Ave. D, on charges of possession of marijuana over five grams and possession of narcotic paraphernalia.

James Bolden, 63, at his at 416 SW Ave. B Place, Apt. 1 on charges of possession of less than five grams of marijuana and possession of narcotics paraphernalia.

James Wimberly, 27, at his home at 305 SW Fourth St. on charges of more than five grams of marijuana and possession of marijuana with intent to sell.

James Edward Williams, 23, of 205 'SW Fifth St., who was arrested in front of the Little Harlem Bar, on a charge of possession of less than five grams of marijuana.

Willie L. Hamilton, 41, of 416 SW Ave. B Place, who was

arrested at 425 B Place on charges of possession of less than five grams of marijuana.

Alfredo and Linda Hernandez, Bolden and Wimberly were each

booked into the Palm Beach County Jail and were later released on \$1,000 bond. Williams and Hamilton were booked and released.

MARIJUANA SEEDS were found by Patrolman William Bass during a search of one of four houses in Friday night's sweep. Bass found the packet of seeds in the breast pocket of a jacket hanging in a closet.

CURTIS STAMBAUGH searches between the mattresses of a bed in a sweep of one of four homes searched during the drug raid.

Friday. He found a pipe, in this hiding place, which had apparently been used to smoke marijuana.

Miss Kent to wed Mr. Ervin in September

Mr. and Mrs. Ray A. Kent, Jr. announced this week the engagement of their daughter, Vickie Lee to Tim Ervin, son of Mrs. Benish Ervin of South Bay and Mr. Lewis Ervin of South Carolina.

Vickie is a 1977 graduate of Glades Day School and attended the University of South Florida in Tampa, and is now employed by the Bank of Pahokee. Vickie is the granddaughter of Mrs. Allene Kent and the late R.S. Kent formerly of Belle Glade, and Mrs. Ruth Bozeman and the late B.J. Bozeman of Baton Rouge, La.

Tim Ervin is a 1980 graduate of Belle Glade High School. Her served two years in the U.S. Army during the Vietnam Conflict. He is currently employed by Gold Coast Construction Co.

A late September wedding is planned.

Xi Iota Alpha has Beginning Day lunch

BELLE GLADE—Xi Iota Alpha chapter of Beta Sigma Phi held its beginning day luncheon at the home of president Rosemary Buchanan on Saturday, August 26.

Following a social hour, during which time members greeted each other after summer vacations, Mrs. Buchanan served a delicious buffet luncheon featuring the theme for the year "Seek New Horizons".

A brief business meeting was held at which time Mrs. Liz Crockett was welcomed back into the chapter and plans for the year were revealed.

Members enjoying the luncheon included, Mary Francis Burke, Jeannette Cameron, Anna Mae Chapman, Naomi Conley, Elizabeth Crockett, Janis Flies, Cynthia Humphrey, Vivian Miller, Eileen Roessing and Sandy White.

Local merchants plan fashion show Sept. 19

BELLE GLADE—A Back to School fashion show will be sponsored by the Belle Glade Junior Woman's Club at 7 p.m. September 19 in the Municipal Civic Center according to Mrs. Cindy Baez, chairman of the event.

Tim's Korner, Inc., Rags Unlimited and the Sweet 'n Sassy Shop, with each shop providing its own models. Mrs. Baez said the \$3 tickets will also cover refreshments. For further information, she said she can be contacted at 996-2863.

Fashions will be by Kim and

Ballet school reopens

Registration for Barbara Comrie's School of Ballet will begin for Pahokee residents on Tuesday, September 12 at 2:30 p.m. at the Pahokee Woman's Club.

For Belle Glade residents, registration will start Thursday, September 14 at 2:30 p.m. at the Belle Glade Armory.

For more information call 983-7891. Adult classes will be offered too.

Come back... all is forgiven

PAHOKEE—Now that we have your attention this is a message coming from the Loula V. York Memorial Library. We request that you look on your shelves, in closets, cars and any place books might be kept. Bring back all those overdue books that you have.

Consumer conference

The Florida Department of Health and Rehabilitative Services (HRS) is hosting a District-wide Consumer Conference for all clients of the Retardation Program Office at 9 a.m. Sept. 9 at the Holiday Inn on P.G.A. Boulevard in Palm Beach Gardens.

R.H. Ehnstrom said the event will be highlighted by an election of delegates for the statewide conference.

Many of the books are fiction, but there are people waiting to read these books. Many of the books are educational books, "How to" books, etc. Books are very expensive to replace and are needed by everyone.

Regardless of the type of book, we do need them back. And because we need them back, we are designating September as "Freebie" month. Bring all your overdue books back and we won't fine you a penny, no matter how long you've had the book.

This offer is good for the entire month of September. So clean those shelves out and bring all our books back and we guarantee that all is forgiven.

FORD MOTOR COMPANY zone manager Andy McKinnon presented the Distinguished Achievement Award to Watson Ford last Wednesday. Ed Rongione, general manager and vice-president, and Doug Lockhart, president, accepted the award. This is the fourth year in a row they have received the honor.

Watson Ford wins award for customer service

Watson Ford, Inc. of Belle Glade has been selected as one of the nation's outstanding Ford dealerships and has received Ford Motor Company's Distinguished Achievement Award.

The Distinguished Achievement Award is presented to the recipients of progressive management... modern sales and service facilities... sound merchandising practices... and continuing interest in rendering superior service to Ford owners.

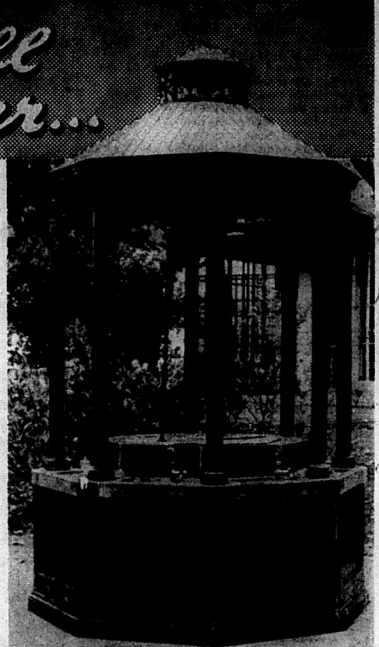

Douglas Lockhart has been a Ford dealer in Belle Glade since 1970. The dealership is located at 838 N.W. Ave. L.

A well of water...

Many important events have taken place at the well. In days long ago it was a meeting place, where all came because of the necessity to obtain life-sustaining water.

Jacob met his beloved Rachel at the well. Moses met the daughters of his future father-in-law at the well in Midian. Much later Jesus Christ met a woman of Samaria at the well and said, "Whosoever drinketh of the water that I shall give him shall never thirst, but the water that I shall give him shall be in him a well of water springing up into everlasting life."

The church of God today is a meeting place where many come to obtain this life-giving and life-sustaining water of which Jesus spoke.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the foundations which we build as men will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Marriage workshop set

BELLE GLADES—If "marriage is not a destination, it is a journey," as one philosopher has suggested, Ready to offer some guideposts for the trip are a professional marriage counselor and a group of ministers. Eight evenings of discussion surrounding marriage and family living will be conducted by a leading marriage counselor and seven ministers who represent different denominations. A marriage workshop will begin here Sept. 10. The eight sessions will be held on Sunday and Wednesday evenings at Ringland Hall of St. John's Episcopal Church, 225 NW Avenue H beginning at 7:30 p.m. Marriage and divorce counselor Frances Gabaldon, founder and president of the Divorce Adjustment Center in West Palm Beach, will bring her views to the Workshop. The topic of her

evening's discussion is "To Divorce or Not." A holder of Masters degrees in both education and counseling, Mrs. Gabaldon's background includes extensive teaching at several levels. She is a member of the American Personnel and Guidance Association, the Palm Beach County Mental Health Association, and other agencies. Born Frances Sloan, she is a native of Belle Glade. A community-wide non-denominational program, the workshop sessions are open to individuals, married couples, those considering marriage, and those formerly married. Joining Mrs. Gabaldon for the series of evenings are the Rev. Ralph Banks, an educator of gifted children in West Palm Beach. Belle Glade participants include the

FRANCES GABALDON

Rev. Robert Atkins, pastor of First Baptist Church, the Rev. David Evans, pastor of Everglades Presbyterian Church, the Rev. Guldmar Blair, pastor of Community United Methodist Church, and the Rev. Kenneth Larson, pastor of St. Peter's Lutheran Church.

Also included in the Workshop series are the Rev. Larry Lousing of New Smyrna Beach, and the Rev. Arthur Dasher of Cocoa, former pastors of St. John's Episcopal Church, Belle Glade.

The sessions will be largely informal with question and answer periods following the discussions.

With a goal of strengthening sound marriages, offering help for troubled marriages, and understanding broken marriages, the eight discussion sessions will span the scope of marriage in modern America.

Topics will range from "A Covenant with God" to "Children are People Too." Questions and answers are expected to run the gamut from successful to unsuccessful marriages.

The Marriage Workshop begins on Sunday, Sept. 10. It will continue every Sunday and Wednesday through October 4. Organizers of the Workshop invite teen-agers to attend. Child care will be provided. There is no charge, and no donations will be accepted.

You're A Good Deal Ahead At

Considine is running on his state record

BELLE GLADE—Congressional candidate John Considine, claiming the front runner's spot in the Democratic primary to replace retiring District 11 Representative Paul Rogers, said Monday he is running on his record of four years in the state legislature.

Considine said he is the only one of the three Democratic candidates who has experience as a legislator and said he believes that experience will stand him in good stead if he is elected.

Citing his Glades Drug Law and Papaverine Misuse Bill, both of 1978, Considine said he has demonstrated his talent and effectiveness in maintaining the cost of health care and paperwork in government.

Considine said he has already requested should be selected for a place on the prestigious Ways and Means Committee. "That's where it's at. That's where taxes and inflation is fought. I think I have a pretty good feel for how politics goes on and how to deal with it. I've been doing it for the past four years."

He spent some time discussing the bill proposed by Rogers, which would forcibly limit rising costs in hospitals to 9 percent per year, noting that Jackson Memorial Hospital in Miami is one of the few in the county that is voluntarily setting a 9 percent cost containment.

Considine blasted hospital overcharges, citing the case of one elderly man who told him he had been charged for a pap smear. "I don't like to see government involved in things like this unless they reach crisis proportions and nothing else can be done. But this

has reached crisis proportions." Recognizing politics has been called the art of compromise, Considine said he hasn't attempted to be all things to all people, citing alternative plans he has offered to help voters and organized labor when they wanted him to support increased homestead exemptions for the elderly and binding arbitration and the right to strike respectively.

He said he told the condominium dwellers he couldn't support the increased homestead exemption for the elderly, but said he brought a regular across-the-board increase in the exemption, keyed to the cost of living index, would be a more acceptable hedge on inflation.

To the demands by the AFL-CIO that he support binding arbitration and the right to strike for government employees, Considine said he offered instead a proposal that the same fines now applicable to union representatives for striking should apply as well to public agency members who are not bargaining in good faith.

On the environment, Considine said he believes, "The environmentalists have performed a service over the past ten years or so by bringing the problems to our attention. What bugs me is the layers and layers of paperwork in order to get approval for a permit."

On welfare reform, he said he believes the country should go to something like "workfare" wherein those on welfare who are capable would be "handed a shovel with a check" and put to work cleaning up highways or some other form of public works.

He said he is particularly concerned about the possibility that

JOHN CONSIDINE III

with the investments being made in the United States by oil-rich Arabians and the Japanese, the country could wind up in 20 years or so in the same position as some South American countries which were owned by foreign investors, "and that scares the hell out of me."

Workman's comp gets priority

GAINESVILLE—Workman's compensation reform will be a priority issue in next year's legislature, according to Florida House Speaker designate Hyatt Brown (D-Daytona Beach).

Brown expects to meet with the agricultural leadership at Florida Farm Bureau Federation's advisory committee meetings in Gainesville on Tuesday, 9-22-78. "I am totally committed to coming forward with a plan to change the current workman's compensation in Florida," Brown said. "We need to deliver benefits efficiently but cut down on administrative charges. The problem is the tremendous escalation of premiums."

Brown said he wants to find out why Floridians pay such high premiums compared to most other states which have lower premiums but equal or greater benefits.

Brown said he will create a new insurance committee to look into the workman's compensation problems.

Proposition 13 and its affect on taxes and services will also be an important issue in the next legislative session, Brown said.

"People want reduced services until services that affect them are cut. We're all wondering what the fall-out from this action will be for us in Florida," Brown said.

While Brown admits casino gambling is an emotional issue, he never expected it to get on the ballot. "The bottom line is bad," he said. "The total tax dollars it would generate will not make up for the increased funds we'll need to put into law enforcement," Brown said.

He said he is also concerned about the number of "unhappy" people who may be drawn in to the state by gambling.

He also urged all voters to select the best representatives to send to Tallahassee during the next election.

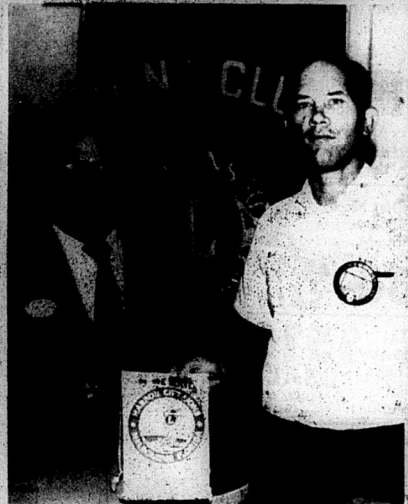

"We are facing ever increasing complex problems," Brown said. "If we send people to Tallahassee

who are not capable of grappling with these problems, we are going to be in trouble."

Following his talk, FFBE's advisory committee met to discuss issues in their areas such as: the agricultural assessment law, agricultural blackpumping, promotion of agricultural commodities, transportation, water quality and taxation.

The advisory committee covers citrus, dairy, honey, labor, livestock, natural resources, ornamental horticulture, peanut, poultry, swine, tax, tobacco, transportation and vegetables.

Policy recommendations from the advisory committees will be sent to FFBE's State Resolution Committee, composed of all 64 county Farm Bureau presidents. They will meet in Gainesville on Oct. 4 to discuss the recommendations. In turn, the certified voting delegates will vote on the policies at the FFBE annual convention at the Orlando Sheraton Twin Towers, Oct. 28-31.

DISTRICT GOVERNOR E.J. "Marty" Martinez presents Belle Glade Lions Club president Bill Schoenfeld with a banner from his home club. Martinez was the guest speaker at the Lions Club last Wednesday.

LABOR DAY

It's the men and women who make up our work forces that set the wheels of America in motion.

Labor Day is a tribute to all who take pride in their work ... and work as a team to get the job done. For only through the efforts of all of us working together, can we hope to better the standards of American life. Let's share this day proudly.

Let's Salute Our Working People!

We will be closed Monday, September 4th.

BELLE GLADE—Government accountability is the reason "Y" Lozahatchee accountant H. Phillip Yorston says he makes a good candidate in the Democratic primary Sept. 12 for District 82, Florida House of Representatives.

"It's come down to a battle up there (in Tallahassee) between the insurance men and their money and the lawyers and their money," the 37-year old CPA said Tuesday when he was campaigning in the Glades. "There's not a single CPA up there."

Yorston said that as an accountant, he can bring a different viewpoint to government in the state, saying, for instance, he would be in favor of doubling the state's intangible tax for everyone with more than \$500,000 worth of intangibles and eradicating the tax for everything below that. He said the paperwork costs the state as much as the taxes collected, and often more, for intangibles without considerable value.

Some of the major planks in Yorston's platform include: "Cutting" skyrocketing bureaucracy costs. We want a dollar of services for a dollar of taxes. Cut duplication of work in

government agencies." Education. "Making our children literate is a top priority. Rankings are nice but functional literacy is a must for our county and the state." He has been endorsed by the Classroom Teachers Association of Palm Beach County.

Tax Reform. "There is a need for a law to prevent real estate tax 'rip-offs' like those that happened to people in California."

Workmen's Compensation reform. "I can't believe they're ripping up off that way. It's costing us \$4,000 per cent more and the people drawing compensation aren't getting any more money."

Public Service Commission. "Elected officials answering to the people are a must in an area such as utilities that greatly affect everybody's budgets."

National Health Insurance. "Immediate enactment of coverage for medical catastrophes is essential."

Telephone calls. "Countywide toll free telephone services are absolutely necessary. The outlying areas of Palm Beach County should not be charged for long distance telephone calling within the same county."

Obituary

JUAN JOSE ALVAREZ
BELLE GLADE—Graveside funeral services for Juan Jose Alvarez, infant son of Jose P. and Maria (Rodriguez) Alvarez of Apt. #20 Ocoela Center in Belle Glade, were held Monday, Aug. 28 at Queen of Peace Cemetery in West Palm Beach, with Father Paul Saggy of St. Philip's Benizi Catholic Church officiating.

The infant died Friday, Aug. 25 at the Everglades Memorial Hospital in Pahokee.

Visitation and prayer services for the infant were held Sunday afternoon and Monday morning at Mixson Funeral Chapel. Mixson Funeral Home was in charge of arrangements.

Glades Day opens grid season for local teams

BELLE GLADE—The Glades Day Gators officially open the 1978 football season in the Glades this Saturday when they play in a jamboree in Lake Placid.

For Glades fans, it will be the first opportunity since spring to see the team in action. Glades Day will participate in the first quarter against Lake Placid and in the third facing Moore Haven.

The other two quarters will feature Moore Haven against LaBelle and LaBelle against Lake Placid.

For Coach Byron Walker, depth in the backfield is his main concern. "We're going to Lake Placid seriously," he said, "we intend to work with the team and get some things straightened up."

Byron said Nacho Bueno will assume the quarterback chores and be backed up by Jason Shelton and Quisque Echave. At fullback will be workhorse of last year Winston Byrd and the halfback positions are manned by Echave and Steve Richie.

Jon Scruggs will be the starting offensive right end, Basil Markham at left end, Manuel Phillips and Mark Allen at guard positions, and the tackles will be Greg Glisson and Wesley Thompson. Billy Sanchez will return as center.

Backing up these players will be Doug Tanner, presently injured, Donnie Courant, who suffered a slight sprain this week, Bruce Sweet, Kenny Strickland, and Tommy Swager.

Walker said Sweet and Strickland are both solid players who went both ways last year and he hopes to give them some rest.

On defense, Walker named Scruggs at left defensive end, Bruce Tyson at left tackle, Bruce Sweet at left guard, Kenny Strickland at right guard, Manuel Phillips at right tackle, Wesley Thompson at right end, Basil Markham and Winston Byrd as linebackers, Steve Richie and

Jason Shelton as halfbacks and Quisque Echave as safety. Beyond the jamboree, Walker expects tough district play this year. He said he feels Kings Academy will be improved over last year, returning a lot of young players, a new school, Benjamin, to

be gunning for the other teams of the district after posting a 7-3 record in their first-ever season last year; Gold Coast to again be a real challenge; and possibly carry some ranking; Westminster could be a surprise and Moore Haven may be tough.

PAHOKEE HIGH JR. VARSITY FOOTBALL SCHEDULE

Sept. 14	Clewiston	Away
Sept. 21	Cardinal Newman	Home
Sept. 28	Jupiter	Away
Oct. 5	Clewiston	Home
Oct. 12	Suncoast	Away
Oct. 19	Ft. Pierce Central	Away
Oct. 26	Open	
Nov. 2	Westwood Ft. Pierce	Away
Nov. 9	Glades Central	Home

All games will begin at 7:30 p.m. with the exception of the Sept. 21 game with Cardinal Newman. Time is set at 3:30 p.m., but subject to change.

Grand opening planned for park

BELLE GLADE—The Community Development Department of the City of Belle Glade will hold its grand opening of the Lakeshore Civic Center Park at noon Friday.

The grand opening will officially introduce the public to what has been done at the park in two combined phases of work resulting in two tennis courts, two basketball courts and a softball field. The tennis and basketball facilities are

lighted and lighting fixtures are up for the softball field but not turned on yet.

Community Development Director Ramon Harvin said the only work remaining in the first two phases, which were done simultaneously by advertising and letting individual bids, is turning on the lights at the softball field, a task which will be performed Tuesday by Florida Power & Light.

Harvin said there is still more work to be accomplished at the park and it's set up for two additional phases of construction, one beginning in the near future which will see a fence built around the park and dugouts and outfield fencing for the softball field.

In still another phase, which Harvin said he hopes to have funded also for this year, parking, landscaping and playground equipment for small children will be installed.

Harvin said the Lakeshore Civic Center will also be open during the ceremony since it has never had an official grand opening. Both projects have been funded by the Department of Housing and Urban Development (HUD) and there will be refreshments served to the public after the ribbon cutting.

He said the invited speakers are Mayor Tom Altman, HUD Area Manager Everett Rothschild and U.S. Congressman Paul Rogers.

WITH THREE weeks left before their football season opens at home against Atlantic, Glades Central Raiders were being put through a hard practice period on the basics by new coach Ben McCoy. McCoy said last week he still was attempting to see what the players are capable of and no one had any position locked up for the start of the season. He said he was also practicing every player at both offensive and defensive positions. The Raider's first game kickoff is 8 p.m. Sept. 15 in Memorial Stadium.

Athletic council to meet

BELLE GLADE—An organizational meeting of the Glades Day Central High School Athletic Council will be held at 8 p.m. tonight in the main campus library according to Athletic Director Graham Frost.

Frost said he is attempting to build membership of the council and stated anyone interested in the well-being of Glades Central and its athletic program is invited to attend and take part.

Sanson eyes future

BELLE GLADE-Palm Beach County Commission Group Four candidate Ron Sanson said last week he sees three major county problems but said his main reason for running for office is, "to insure that 25 years from now, I'll still want to live in Palm Beach County."

Campaigning in Belle Glade, Sanson, a Republican, said he sees the three major problems as:

1. How to control growth in the county without sacrificing the natural environment and lifestyle such as the agricultural industry in the Glades.
2. How the county can raise funds to carry on needed projects, "without taxing everybody out of their homes."
3. What can be done to make sure the county and cities within the county live together and cooperate rather than maintain an adversarial relationship.

"I believe I'm qualified," he said, "by training, education and experience. I've had four years in public life (as a city commissioner in Delray Beach) and my main interests are planning and the environment."

He said he already has experience in controlling growth, citing the reduction of population in Delray from 125,000 to 80,000, "without a single lawsuit and without spending a half million dollars."

In other areas, Lakeshore Middle School's enrollment Tuesday was 812. There were 1,426 students enrolled in the four Belle Glade elementary schools and another 650 enrolled in South Bay and Rosenwald Elementary Schools in South Bay.

He's Been Getting Results In Education

As the sponsor of Florida's Functional Literacy Testing Law, Senator Charles Ward has helped to ensure that Florida's school children will get a better education. By requiring high school seniors to pass a basic skills examination before receiving a diploma, a new emphasis has been placed on the "Three R's."

Senator Charles Ward

Getting Results For People

Print Political Advertisements paid for by the Don C. Ochsens Committee. Don C. Ochsens, Treasurer, Florida Senate, District 22, Democrat.

out by keeping taxes lower, the Rotary learned. During drug arrests, many vehicles, planes and boats have been seized and these have been sold or traded for needed police equipment, including patrol cars.

To draw a profile of a drug smuggler, Trimmer pointed out most have never been arrested and if arrested the first time, he'll probably get probation.

He said this is because the courts say their dockets are crowded and the jails are full and the jailers say they must release those serving time early to make room for new arrivals.

Drug smugglers are often, 42 per cent, arrested twice and over 28 per cent more than three times.

Trimmer again asked for public help in slowing the flow of drugs, pointing out that any high school student can ask for drugs in the morning and receive them by afternoon.

He asked anyone who sights airplanes in cane fields or boats of

flooded bales to call the Sheriff's Office and report the information

to the vice squad.

The name of those making reports is kept confidential, said Trimmer, and their help is needed.

SGT. BILL TRIMMER

Profiles in Business

PAHOKEE - Monk and Nellie Jackson are the new managers of the Grassy Waters Restaurant in Pahokee. The restaurant, located at 2264 East Main Street, was formerly managed by Ms. Vicki Higgins, but has just recently been leased to the Jacksons.

The Jacksons are natives of North Carolina. It was in North Carolina that the two met each other and later married in 1940. Since then they have had four children, Mrs. Sandra Suggs of Jackson Point, George and Jimmy Jackson who are not local residents.

The Jacksons aren't people you could call strangers. Twenty-five years ago they moved to Pahokee. Monk is a former employee of the Florida Sugar Corporation and his wife, who calls herself a homemaker, is a former employee of the Canal Point Coffee Shop.

Now as managers of the restaurant, most of their time is spent cooking, cleaning and keeping the business thriving. With the help of their employees, and their daughters, Sandra and Annie Kay, they are able to give customers the prompt and good service they desire Monday through Saturday from 5

a.m. until 7 p.m. and Sundays from 5 a.m. until 3 p.m.

Roberts runs

Carol Roberts has qualified as a Democratic candidate for the Florida House of Representatives, District 80 and said she would like to meet with people of the Glades.

Mrs. Roberts is a native of Miami, presently living in West Palm. She has been active for over 20 years in civic and professional associations and served as a West Palm city commissioner. While on the board, she served as vice-mayor and president pro-tem.

Mrs. Roberts has been an opponent of the Florida Public Service Commission in the matter of rebate because of excess profits of Southern Bell.

She unsuccessfully urged rebates of \$33 million instead of the \$14.5 million finally given to consumers. This has led her to believe reform is needed on the Public Service Commission.

Her other concerns include mandatory sentencing for major felonies and more stringent parole regulations and an expanded adult education program.

JACK SCAROLA, Democratic candidate for the state senate in District 28, stands with Charles Ward, first vice-president and program chairman, after speaking briefly to the Belle Glade Lions Club last Wednesday.

LEGAL NOTICE
INVITATION TO BID
SEALED BIDS for the furnishing of Two (2) Totally Submersible, Electrically Operated Sewage Pumps for Lift Station No. 13 will be received by the City of Belle Glade, Palm Beach County, Florida, in Conference Room A of the City Hall in the Belle Glade Municipal Complex, 110 SW Avenue E, Belle Glade, Florida, until 11:00 a.m. on Thursday, September 7, 1978 at which time all bids will be publicly opened and read. Local mail strike is averted says Alston

BELLE GLADE-A local postal strike was apparently averted Tuesday by news national union leaders had agreed to call off a national strike when U.S. Postal Service officials agreed to return to the bargaining table.

Belle Glade postal worker William Russell Alston, who was recently elected vice president of the Greater West Palm Beach Local, said Tuesday afternoon the national union leaders' decision had apparently settled things, at

least temporarily, but the local was still going to hold a meeting last night (Wednesday) to determine its course of action.

Alston said Monday, before the national story broke, that the Belle Glade workers may not go on strike anyway but he said they would follow the mandate by national leaders.

"In small offices like Belle Glade," he said at that time, "probably nobody will talk out but in the bigger offices, like in West

Palm Beach, they will and that'll probably stop the mail everywhere."

He did say that under those conditions, intra-city mail delivery would go on as usual but all other mail, which goes through West Palm Beach, would be held up except for what supervisors and non-striking employees would be able to deliver.

Alston said the major problem, and reason for the possible strike, doesn't concern pay but the working conditions. He said there aren't enough local postal workers, because of the Service's efforts to cut costs, but the workers here are required to work too many hours to make up for the lack of personnel.

He said he'd recently returned from a national union convention in Denver and had talked to postal workers all over the nation, "and almost everyone was a mirror image of the situation here."

HUP 2, 3, 4! The beginning of school means hard work for everyone, not only the football teams but the band as well. Shown here are members of the Pahokee High School marching band (O.D. Express) hard at work perfecting marching routines they will perform

on September 8, when Pahokee meets Suncoast for their first game of the season. The band, according to director Mr. Ollice Davis, will be bigger and better than ever.

Pahokee men charged in drug case

PAHOKEE--Two Pahokee men were arrested Thursday night by Palm Beach County Multiagency Narcotics Strike Force working out of the Palm Beach County Sheriff's department.

The men, Hector Serra, of 580 Bacom Point road, and Cayle Nelson of 169 Carver Place in Pahokee, were arrested after a two month investigation by narcotic officials assisted by the Pahokee Police in a raid at the Everglades Inn owned by Serra. Both men were charged with possession and sale of over 50 pounds of marijuana. Serra was also charged with display of a firearm during the commission of a felony.

Both men have been released on

bond. Fifty-six pounds of marijuana estimated to be worth between \$18-19,000 was confiscated during the raid.

UFW grants protested by Bureau

GAINESVILLE--Two federal grants to the United Farm Workers Union, totaling \$806,000, "are two of the most preposterous wastes yet of taxpayer's money," charged the president of Florida's largest farm organization.

"When will the bureaucrats learn that taxpayers are fed up with spurious federal spending that, in this case, amounts to no more than federal subsidization of a union," said Walter J. Kautz, president of Florida Farm Bureau Federation (FFBF).

The two grants were recently issued, with little publicity, to UFW's affiliated National Farm Worker Service Center out of Comprehensive Employment and Training Act (CETA) funds.

"This was done despite the storm of protest that had engulfed two previously unsuccessful attempts by UFW to milk the federal treasury," said Kautz.

One of the two approved grants under CETA's Title I - provides UFW with \$121,000 for apprenticeship training. A large proportion of that funding, noted an American Farm Bureau Federation (AFBF) official, seems directed towards job analysis rather than training - the kind of information that would be helpful for organizational purposes.

About half of the larger grant of \$683,000 under CETA's Title III will be used to train 75 farm workers in English language skills. "The tax cost per trainee is outlandish," said Kautz, "and an insult to excellent English language training programs that already exist in California educational systems."

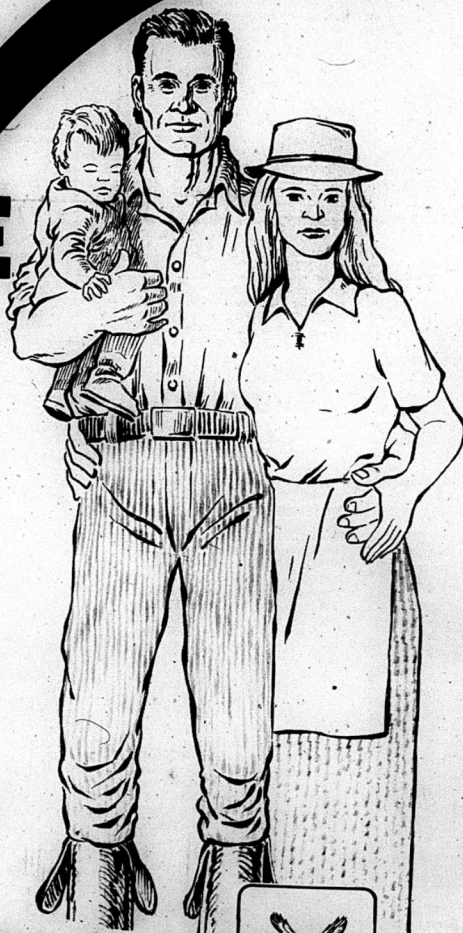

Other CETA funds will be made available to UFW to pursue union functions. Sixteen persons will be involved in such activities as staffing the union's statewide microwave relay system, working in UFW's publications department, auto repair work and maintenance and landscaping of UFW headquarters facilities in LaPaz, Calif.

There is also a \$5,000 disaster emergency fund to be administered by UFW in cases of flood, fire, drought and earthquake.

"Why doesn't CETA just deposit the money into a Swiss bank account?" asked Kautz. "This is a terrible misuse of tax funds and should not be tolerated."

SALUTE TO LABOR

Monday, September 4, is Labor Day. We want to take this opportunity to salute our area's greatest natural resource, our working people. From out of the wilderness of the Everglades, Glades people carved out an agricultural area that became the most productive in the United States. Hard work, sweat, devotion and the will to overcome the elements were just some of the qualities of our working people, just as they are today. We're proud of the fact that we're Palm Beach County's Oldest Savings and Loan Association, celebrating our 45th year as pioneers helping our area to grow.

PAHOKEE HIGH'S JUNIOR VARSITY Blue Devils entered the school of hard knocks Monday with their first day of football practice. The team will catch up on strategic plays each day on Pahokee Elementary's Phys. Ed. field. The first Junior Varsity game is scheduled for Sept. 14 when Pahokee will face Clewiston on the Tigers' field.

Wallis hangs on to top position in women's softball

By Karen Hansford
BELLE GLADE—The team of Wallis Pharmacy came up with four runs in the top of the sixth inning to pull a 7-5 triumph over South Bay Growers in Glades Women's Softball League action last Thursday, Aug. 24.

The game evened the record for both teams at nine wins and three losses, although Wallis has a slight edge, having defeated South Bay Growers in an earlier match.

The game began amidst a waterlogged field and threatening skies in Canal Point, with South Bay Growers taking the lead in the first inning as the first four runners scored, including a double by Kim Miller. Wallis had only brought two in at the top of the inning on runs by Kathy Brantley and Barbara Hartzog.

Frances McLeod added a run as Wallis made it four to three in the second inning, but that was all the scoring either offense could muster until the bottom of the fifth, when Loretta Pugh rounded the bases to give South Bay a two-run lead.

Annette Davis led off as Wallis Pharmacy rallied for its four runs in the top of the sixth and then held the opponents to no score in the bottom of the inning.

The seventh period began during a light shower which quickly turned into a downpour as Wallis scored another three runs. After a brief suspension, the game was then called due to the weather. The final score reverted back to the last complete (sixth) inning, giving Wallis the victory.

Local 1158 was scheduled to meet Dixie Fried Chicken in the second game of the evening, but the match was postponed for a later date.

A couple of brown fuses gave the Women's League problems of a different nature in Belle Glade on Tuesday of that week as the lights went out, forcing the teams to finish their games in Canal Point.

It was the Baptists versus the Methodists in the first game, and for the second time this season First Baptist Church of Belle Glade emerged as the victor over Community United Methodist Church (CUMC).

First Baptist took a short-lived lead in the first inning as Paula Anderson and Bobbi Lou Markham scored. CUMC came back in the second inning with four runs as Sharon Humphrey turned a single into right field into a triple on errors.

After no score in the third, CUMC made it five to one in the fourth when Terri Cranford singled and scored. The game was then halted temporarily as the lights shut down over the field. It was then decided to continue the contest in Canal Point.

CUMC controlled the game through the sixth inning, allowing only one more run by First Baptist while adding two, one of them a double by Mary Leigh Wall, to lead seven to three.

A run by Janie Priest made it eight to three in the top of the seventh inning, then came the downfall. After loading the bases on a walk and two singles, two more walks were issued and then two consecutive errors on defense brought in the tying and winning runs with no outs, ending the game. The final score was First Baptist Church 9, CUMC 8.

In the second game of the doubleheader, the Bank of Pahokee routed Miami Herald 16-9 for the team's third win of the year. Capitalizing on walks and timely hits, the Bank of Pahokee girls tallied 13 runs while holding Miami Herald to only one in the first four innings.

Miami Herald's offense rallied for eight runs in the fifth inning, but that was all the team could score as Bank of Pahokee shut them down in the remaining innings to take the game.

Every batter on Bank of Pahokee crossed the plate at least once while Kari Nielsen, Vivian Hayes, Wanda Crawford and Cindy Riddle each rounded the bases twice.

League Standings as of Aug. 25 were: Wallis Pharmacy, 9-3; South Bay Growers, 9-3; First Baptist Church, 8-4; CUMC, 6-4; Miami Herald, 6-6; Bank of Pahokee, 3-9; Local 2152, 2-9; Dixie Fried Chicken, 2-9.

Overnighter road rallye planned by department

BELLE GLADE—With the experience of three road rallyes under their belts, fans of the new (to Belle Glade) sport of matching their ability to follow instructions, control their cars' speeds and see landmarks will soon get a chance to see how they'll do on a longer, overnight run.

The City Recreation Department is sponsoring a Fall Overnighter Car Rallye for Sept. 23 and 24, destination unknown, that will take a total of about ten hours to complete, according to Rallyemaster Robert R. Sanders.

Sanders, who is also the city manager, said the rallye will begin at 9 a.m. Saturday with participants staying overnight at the halfway point. The second leg of the rallye resumes Sunday morning, terminating in Belle Glade.

Each rallye car must have one driver and one navigator. A pre-registration fee of \$40 is required to cover the cost of trophies, a double motel room and evening meal at the halfway point.

If the team carries an additional passenger, an extra \$25 will be charged for accommodations. Should two passengers be carried, they would be charged \$40, making \$80 for the carload of four people.

Pre-registration forms and fees must be turned in to the City of Belle Glade Recreation Department no later than Friday, Sept. 8.

Forms may be picked up at the Recreation Department at city hall.

Three rallyes have been held by the Recreation Department and Sanders said the popularity has increased with each rallye.

"We hope to have more people participating in this rallye than ever before," he said, "and if anyone needs more information on how a navigational rallye works, please call our Recreation Department at 996-0100, ext. 244. They'll be glad to help."

Sanders said the instructions issued before the overnighter rallye begins will be more detailed than in any of three previous rallyes and he said plans are being made to ensure no one gets hopelessly lost, including the provision of a "trouble number" at the halfway point for people to call when they can't find their way to the destination. He said off-course signs will also be used. Although the course hasn't been laid out, he said a straight line between the starting and halfway points is about 140 miles.

Council holds meeting to reorganize

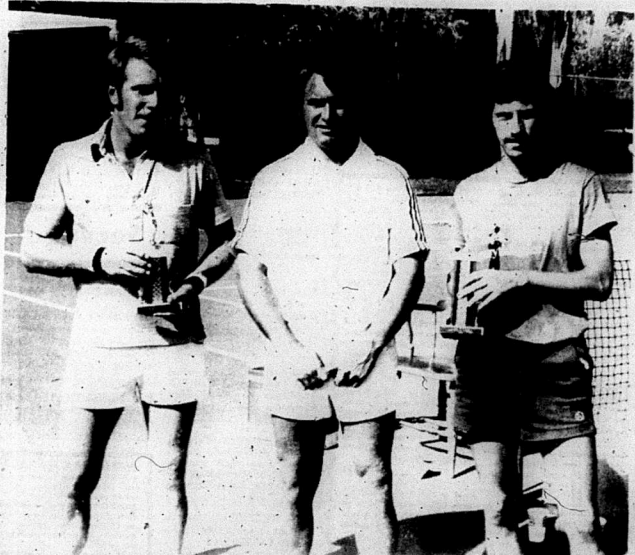

PAHOKEE—The first reorganizational meeting of the Pahokee High School Athletic Council was held Aug. 25 at the school. Thirty-five members attended.

Officers elected for the upcoming year are: president, Joan Anderson; vice-president, Donald Zaccagnino; secretary, Geraldine Atkins; treasurer, Joe McMillan.

A membership drive was discussed with Eddie Rhodes, Martha Serraes, Tracy Harrell and Norma Miller serving on the committee. The importance of community involvement was stressed by chairperson Anderson who stated that if the needed support would come from the community, she would be happy to arrange meeting times and places convenient to these new members.

Any members of the community who would like to become members of the council are urged to contact any coach at the school or call the secretary at the school office and leave your name.

Plans were made for the council to sponsor a "Pahokee High Faculty Talent and Untalent Show," to be held Sept. 7, 7:30 p.m. in the High School Auditorium. Donations for this event will be \$1.50 for students and \$2 for adults.

BELLE GLADE'S Gene Duff, at right, defeated Jay Huffman, at left, of Okeechobee in winning the Burger King Invitational Men's singles title Sunday after-

noon in Clewiston. Burger King assistant manager Bob Sands is shown with Huffman and Duff. Duff won the finals match 6-4, 6-4.
